Measure Distance

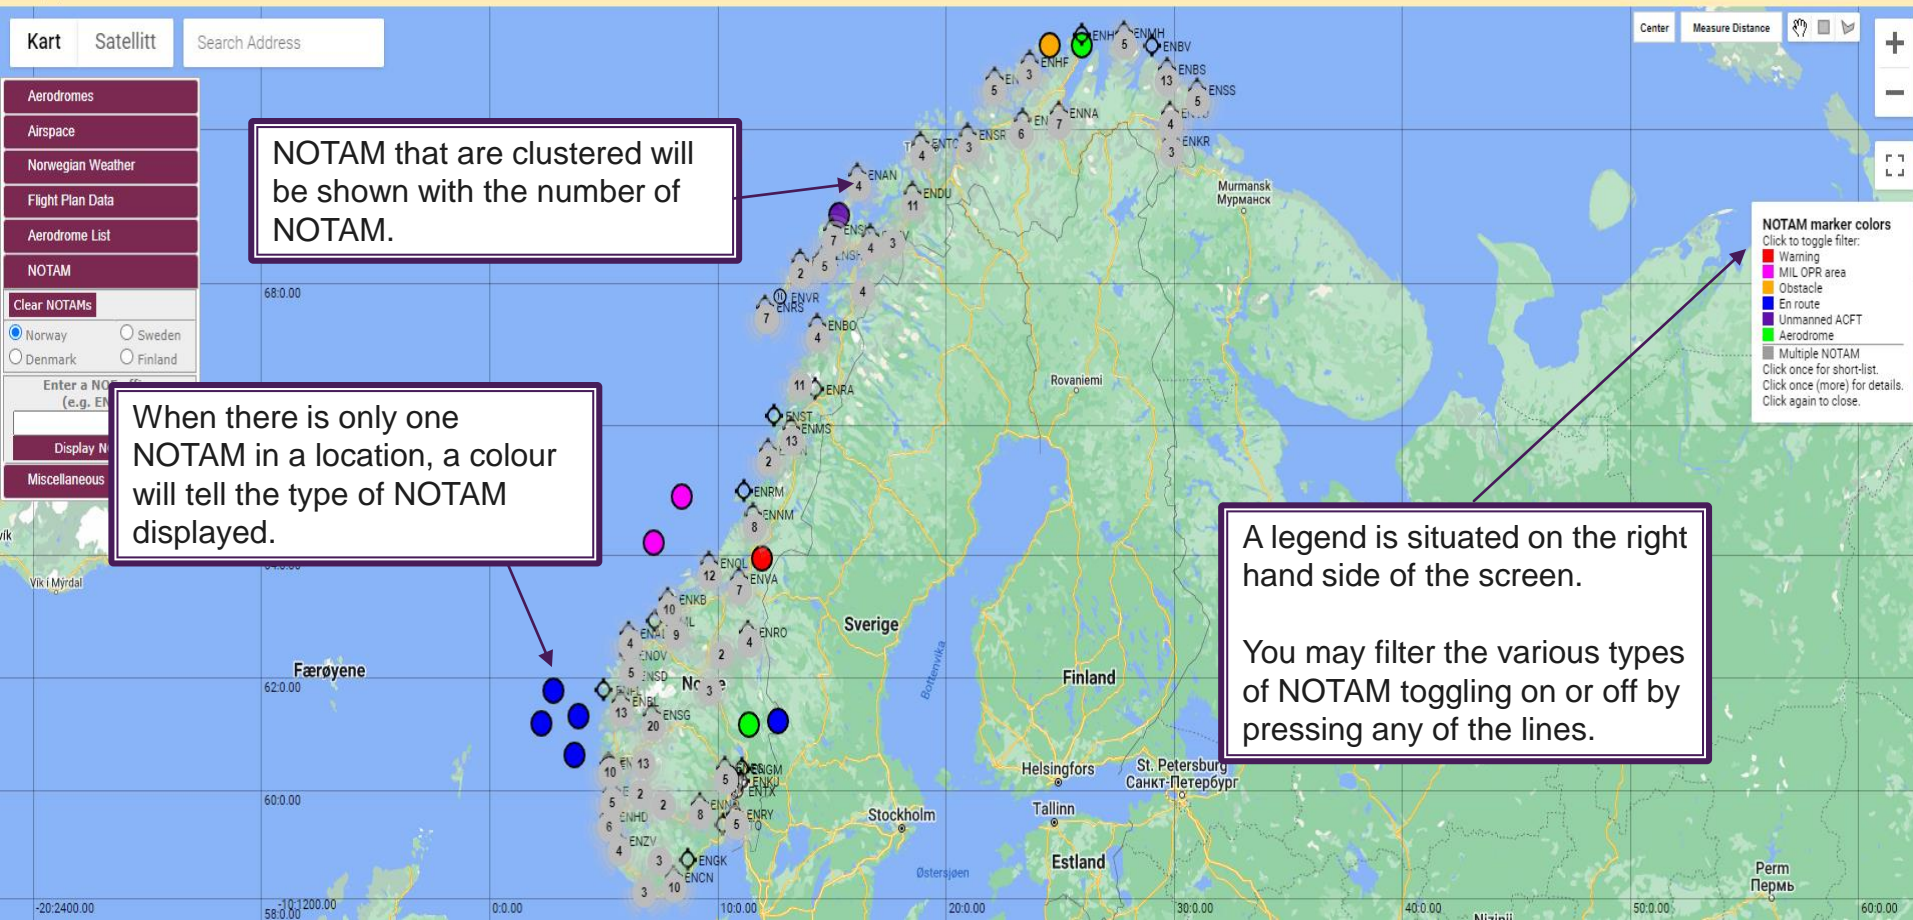

You can retrieve active NOTAM by selecting your country.

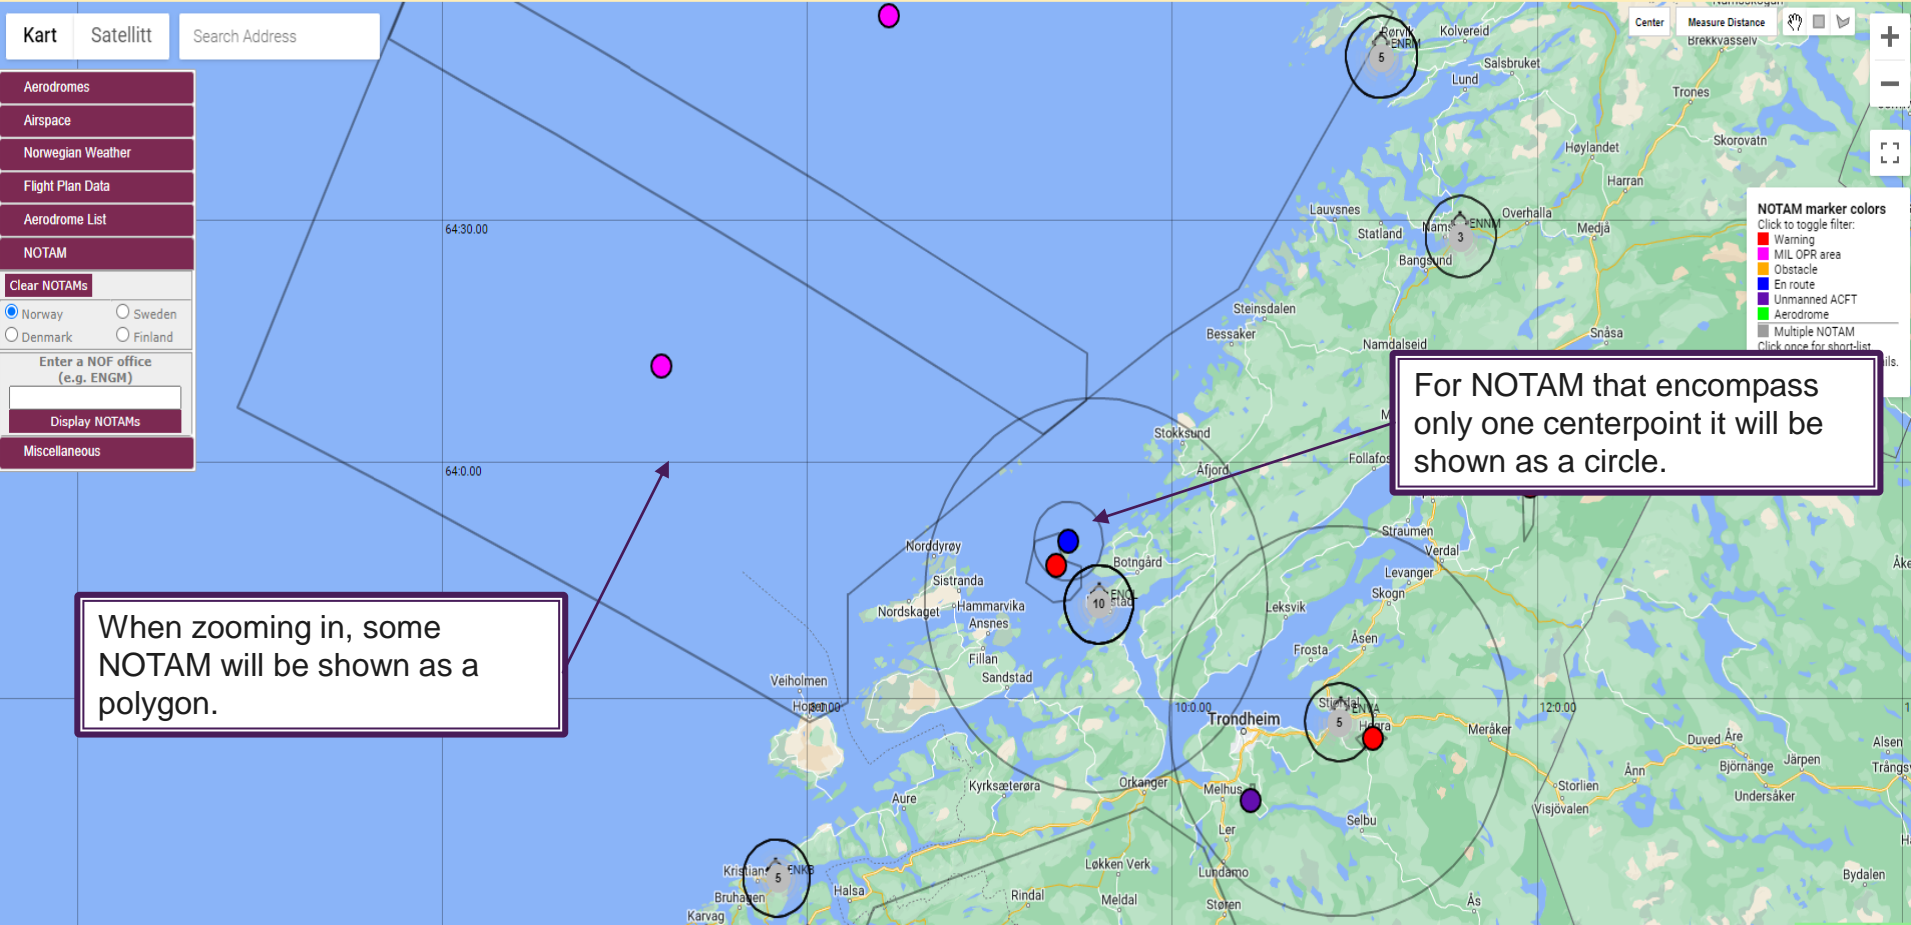

There is also a possibility to retrieve NOTAM world-wide by selecting the country ICAO-code (e.g. ED).

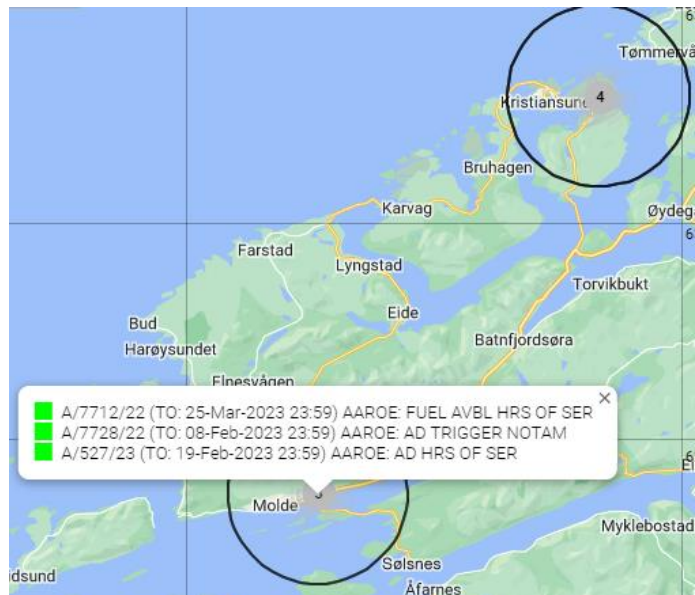

Please note that only NOTAM that are active and/or will be effective within the next 24 hours are displayed.

To update use the button 'Clear NOTAMs' and retrieve again.

Menu, Fpl: STAGE

For clustered NOTAM a number will be shown. When clicking the number once an abbreviated list of the NOTAM will be shown

Pressing the individual NOTAM number the full NOTAM text will be displayed
